2. How long have you been in the industry? Almost six years but i've been working on trucks and everything for 17 years.
3. Whats the most memorable thing you have done?
Enjoying the mountain mountain place with my family, going up there with the kids. It's my way home away from home.
4. What's the tip you would give a new hire in this instance? Learn everything you can, and listen. Make sure you network with as many people as you can.
5. Do you have any kids? I have two children, a four-year-old and an 18 month old.
6. Who inspires you? I would say my wife because she has been behind me in all this. Starting my own company, she backed me the entire time.
7. What's the fun fact about you that not many people know?
That I play music for a hobby all the time. I play usually about twice a month for a cover band. Country rock, blues, classic rock pretty much for the most part.
8. What instruments do you play? I mainly play bass but I can play guitar, and I can dabble in the drums. I can keep a beat.
9. What's one of the first concerts you attended? I'd say one of the first big concerts i ever went to was Brad Paisley.
10. If you had to eat one meal every day for the rest of your life, what would it be?
Breakfast. Breakfast has everything - eggs, sausage, pancakes, bacon. You can do steak and eggs, whatever you want. I make breakfast burritos and use leftover barbecue and put the barbecue on there with sauce and everything because breakfast burritos are like a standard meal at our house all the time. Anytime i cook a butt i'm definitely doing breakfast burritos within the next day or two. [Printable Recipe Here!](#)
