1843 TUCKER STREET
ROCK HILL, SC 29730

I know how frustrating it can be to have a mixer truck or a concrete plant down. As changes take place in the ready mix concrete industry, you have enough headaches finding mixer technicians and truck drivers. At Mixer & Plant Parts, we understand you want to speak with knowledgeable people who know concrete batch plants and front discharge concrete mixer trucks and how important it is for the right parts to show up at your operation on time every time.

You've probably tried to call and place orders with large corporations and wonder if the person on the other end of the phone even understands what you are asking for. You may have even wondered if they even care about you as a human being.

Well, we've built Mixer & Plant Parts to deliver the peace of mind you need and to stay "Ready Mix Tough" when customer service is weakening all around you. We've built a "Ready Mix Tough" team who is:

- For YOU
- For Each Other
- For the Community - AND -
- For Making a Difference in the World

Meet Jake, Marc, and John who manage the excellent teams in our distribution centers in Grand Rapids, MI, Arlington, TX, and Rock Hill, SC and ensure your parts are assembled, picked, packed and shipped with extraordinary care.

Meet Jamie, the manager of our amazing sales team who have years of experience in the ready mix concrete and heavy duty trucking industry and are here to guide you to the right parts and deliver the peace of mind you and your company deserves. These folks are phenomenal at guiding customers to the right parts for their front discharge mixers, rear discharge mixers, and heavy duty trucks

I'm also pleased to introduce Dan, leading a great team in our accounting department who work with your owners and bookkeepers to align our books and to deliver your invoices and statements on time every time.

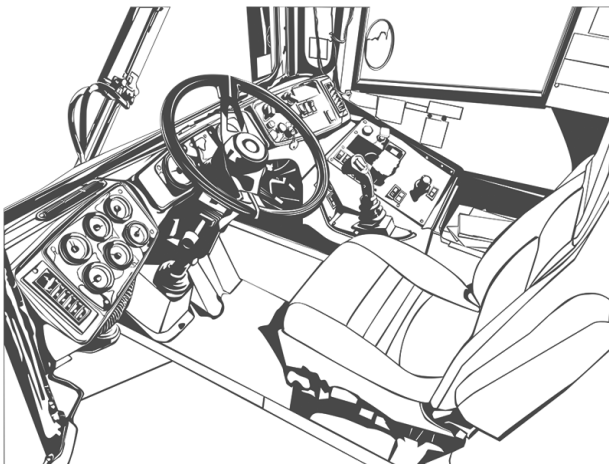

Also please say hello to our operations, development, marketing, and information technology teams with Hannah, Mandy, Andrew, and myself - who are dedicated to leading our continually MProving organization with generosity and Love...yep...I said Love. Our goal is that in every interaction with MPParts, you'll feel a sense of belonging, recognition, peace of mind and receive an incredibly remarkable experience you can't wait to tell your friends and family about.

A handwritten signature in black ink that reads "Brandon Syler". The signature is fluid and cursive, with a large, sweeping initial 'B'.

Brandon Syler - CEO, MPParts
